We love to share what we do at SBC with prospective students and help them to find out what might lie ahead. If you've ever thought about studying theology full-time, part-time, or even just taking one course then do come along on **Wednesday March 20th , 11:00am—1:30pm** (lunch provided and optional seminar till 3pm on *New Ways to Look at Church*).

It's a no pressure Open Day – so if you're not sure then still come along as it might help clarify your thoughts one way or the other. We know the investment of time, money, and energy that goes into studying at university so the Open Day is not a hard sell but we don't want anyone who feels studying theology might be for them to miss out..
